In re Application of:

Keefer, et al

Serial No: 10/620,262

On Petition

Filing Date: July 14, 2003

For: **MODULAR PRESSURE SWING ADSORPTION APPARATUS**

In response to the petition received September 20, 2004, to withdraw the holding of abandonment in the above application.

The petition is Granted.

The above-identified application became abandoned for failure to reply with the meaning of 37 C.D.R 1.113 in a timely manner to the Notice to File Missing Parts of Nonprovisional Application mailed October 15, 2003. Which set forth a shortened statutory period for reply of two months. Accordingly, the above-identified application became abandoned December 16, 2003.

The evidence submitted is sufficient to establish that the petitioners never received the Notice to File Missing Parts of Nonprovisional Application mailed October 15, 2003.

The application will be completed with the documents received on September 20, 2004 and released to Technology Center 3744. The replacement-drawing requirement has been removed.

The office regrets any inconvenience this may have caused the client.

Telephone inquiries concerning this application may be directed to Doshie E. Day (703) 308-3640.
